The Intelligencer.

THURSDAY MORNING, APRIL 5. Country Seat For Sale.

pled by Mr. Wm. Tallant I not sold before Saturday, April 7th, it will on that day be of Greed et public anction at the front door of the LEGANT CITY RESIDENCE FOR

city, the eigent and ramonator realization of the north-west corner of 4th an Monroe streets, owned by Henry Moore, Exand at present occupied by Dr. Baahneld.
THOS. O'BRIEN,
mar5-td Real Estate Agent.

His Honor, Judge R. L. Berkshire, o

On account of the insufficiency of water yesterday, the steam fire engine will be tried at the river in a few days. Visirons to the Bazaar are increasing every day, there being a good house full there last evening.

THE Crescent Mills company did not dispose of their Wetzel county lands yesterday at public sale, the offerings not being satisfactory.

JUDGE J. J. JACKSON, JR., will arrive this evening and stop at the Sprigg House. He will open the Federal Court in this city on Friday.

THE recent township elections in Belimont county, (Ohio.) show uniform gains for the Union ticket over the vote last fall.

WE notice that the room in the Grant

The Firemen's ball last night at Unlon Hall was a gay affair, Vans' string band furnished the mu-sic, and everything passed off pleas-

ONE of the workmen engaged in tak-ing down the Goshorn building in North Wheeling, yesterday fell and in-jured his wrist, and, it was thought, also suffered some internal injury. DURING the trial of the fire engine

yesterday a lad was run over by a horse. He was taken away in a car-riage. We were unable to learn the extent of his injuries.

A SUPPER was given at the Sprigg House last night, by the Wheeling fire committee, to the committee from Balti-more. It was a very pleasant affair, and wound up the festivities of the day with entire satisfaction to all.

OIL.—We were shown yesterday a specimen of Petroleum, said to have been obtained by the Marshall county Oil company, which is boring at Pipe Creek, about two miles below Moundsville, on the Ohio side.

In the police court yesterday morning, Louis Orth was fined \$3 and costs for forestalling the market; Augustus Frederick was fined \$10 and costs for assault and battery; Thomas McClure was fined \$5 and costs for fast riding.

YESTERDAY was another pleasant day, but very warm. Innen coals, and light dresses, and "sich," were quite common, reminding those whose "summer things" were not "done up" that they must make some arrangements about the matter.

The Union men of Marshall county meet in mass convention at Moundsville Court House this (Thursday) evening. They propose to lay out the work of the campaign in that county at this meeting. It will therefore be an important assemblage,

YESTERDAY about fifty of the Centro Wheeling boys got the old engine "Good-Will," and followed the firemen's procession to North Wheeling, where they were attacked by "Young America" there, who succeeded in taking the engine from them after some quite severe fighting. One boy was pretty badly cut up about the head.

We noticed yesterday many houses with windows out, and carpets strung upon lines, and dark colored water drizzling about doors, which suggests the fact that that delightful season with house-keepers is at hand, viz general house-cleaning. Undoubtedly every body will be glad to greet this "General?"

LOCATING THE PENTENTIARY.—The Board of Public Works yesterday vis-ted Moundsville and spont the day in ooking about that ancient town and urroundings for a site for the peniten-No More Dyspersial—A Philade Burging special train.

No More Dyspersial—A Philade Druggist speaks of Dr. Eeg's Tonic and Dyspersial feets to the purpose, but their decision in the mater has not yet been made known. The gentlemen composing the Board, and those accompanying them, desire through us to acknowledge courtesies at the hands of Col. Alexander, Senator Burley and others, and especially Col. Lockwood and his estimable lady, whom they were pleasantly entertained. Their thanks are also due to Mr. Ford, of the Baltimore and Olio Mr. Ford, of the Baltimore and Olio Railrond Company for the confrey of a special train.

THE NEW STEAM FIRE ENGINE AND FILEMEN'S PARADES—The grand parade of the Wheeling Fire Department and trial of the mew steam fire engine, took plice according to the progrationic laid down. The weather was beautiful, although pretty warm, and the procession formed at the hour appointed, and moved promptly at 2 o'clock, taking up the route given by us yesterday morning. The streets upon the line or march were thronged with people, who were thronged with people, who wengine, by enthusiatie applause. The procession was headed by a marshal band, followed by the veteran "Guards;" brass band; "Independence" company; marshal band, followed by the veteran "Grands," brass band; "Independence" company; marshal band, followed by the veteran "Grands," brass band; "Independence" company; marshal band, followed by the veteran "Grands," brass band; "Independence" company; marshal band, followed by the veteran "Grands," brass band; "Independence" company; marshal band, followed by the veteran "Grands," brass band; "Independence" company; marshal band, followed by the veteran "Grands," brass band; "Independence" company; marshal band, followed by the veteran "Grands," brass band; "Independence" company; marshal band, followed by the veteran "Grands," brass band; "Independence" company; marshal band, followed by the veteran "Grands," brass band; "Independence" company; marshal band, followed by the veteran "Grands," brass band; "Independence" company; marshal band, followed by the veteran "Grands," brass band; "Independence" company; marshal band, followed by the veteran "Grands," brass band; when they involve the attention of purchasers. Their stock is complete in every brass band; when they involve the attention of purchasers. Their stock is complete in every brass brand; members of Baltimor. THE NEW STEAM FIRE ENGINE AND

"Rough and Resdy" company; brass band; members of Baltimore Fire Department; steam for engine; followed by the "United" company.

At about 4 o'clock the procession arrived at the McLure House corner, where the trial of the new engine was to take piace. Upon the McLure House balcony were Milyor Sweeney, members of the City Council and others, to witness the proceedings. The streets were densely growded with people, but through the untiring efforts of the police the most perfect order was maintained. All arrangements being perfected, the torch was applied to the furnace, and six and one-quarter minutes elapsed from this time until a stream was playing. Of course sfeam could have been raised much sooner had the steamer been moving, so many people being around it that the drant was materially choked up.

The cap on the flagstaff on Washington Hall is one hundred and twenty-three feet high. A siream was thrown far above this, variously eatimated. Some put it thirty, some forty, and some as high as sixty feet above the cap of the flagstaff that the stream was thrown. We think from thirly to thirty-five feet a fair estimate. A horisontal stream thrown by the engine reached, by actual measurement, two hundred and twenty-five feet. In Baltimore she threw two hundred and twenty-five feet. In Baltimore she threw two hundred and twenty-five feet. After three trials with a single hose two were attached, which the "United No. 5" scemed to handle with nearly the same results as with only one hose.

No. 5" seemed to mande with nearly the same results as with only one hose. The engine was subjected to six or sev-en tests, its execution eliciting the heartiest appliause from the assemblage. We bear of but one opinion, which is general, that the steam fire engine is a

The procession was dismissed at halfpast 5 o'clock.

The committee of firemen from Baltimore, who assisted on the occasion, deserve, as they receive, the heartielt
thanks of our citizens for their services
so kindly and efficiently rendered.

WE see by a copy of the Omaha city Nebraska Territory) Daily Republican We see by a copy of the Omaha city (Nebraska Territory) Daily Republican that Samuel Crane, formerly of this State and city, is operating out there in a political way. We infer from an article in the paper that he is achieving considerable notoriety. The paper quotes him as saying in the course of a speech that "with the sword in one hand and the Constitution in the other, his voice had been heard rippling over the silvery waves of the Ohio reverberating from the crests of the Alleghanies. He had aroused the hardy mountaineers of West Virginia, and caused thirty thousand of them to shoulder their rifles and go forth to fight the battles of their country." It seems from the Republican that Mr. Crane is acting once more with the Democracy. He originally belonged to that party when living in Randolph county.

Just before the "United" fire com-

Just before the "United" fire company joined the procession yesterday, a very pleasant affair took place. The company was drawn up in line, and Mayor Sweeney amounced that Mr. Shaw, of the Baltimore Fire Department, had some business to attend to "not down on the bills." Whereupon Mr. Shaw advanced, and "called out" Mr. William H. Harrison, Chief Director of the "United," and presented him, on behalf of the Baltimore Committee, with a beantiful white hat, prefacing the act with suit-ble remarks. Mr. Harrison was taken completely by surprise, thanked the committee, and hoped the day would not be far distant when the Wheeling Fire Department would at least be able to compete with Baltimore, &c.
